1. BACKGROUND

The Department of Economic Development and Tourism has identified a need to expand infrastructure and facilities in support of adventure and extreme sports tourism in the province. At the same time we desire to take opportunities for this purpose that will support heritage tourism and provide families with a greater variety of activities to engage in when they visit the province.

The Magersfontein Battlefield Museum is a flagship museum of the McGregor Museum and is located on the outskirts of Kimberley. The museum can be reached either via the Kimberley Airport road (31.5 km) or by the N12 national road via the Modder River (47.5 km).

The property on which the Magersfontein Battlefield Museum is located is owned by the McGregor Museum. Its terrain is undulated hills and flat areas spanning the entire battleground and is ideal for the development of mountain bike trails of short and longer distance.

The department is therefore looking to appoint a service provider experienced in developing adventure sports attractions and more specifically development of mountain bike trails.

2. PROJECT OBJECTIVE/PURPOSE

To design and develop two interlinking well-marked mountain bike trails and supporting infrastructure (trail signage, showers) on the property where the Magersfontein battlefield is located. This should enable visitors to engage in trail riding of varying distances and difficulty. The trails must expose the visitors to the historical significance of the site as well as its nature and geological treasures.

To provide a greater number of accessible adventure sports experiences to be enjoyed by families and athletes while at the same time popularising the heritage attractions of the Northern Cape and sustainability of our museums.

To create a significant number of employment opportunities during the construction phase of the project.

The developed mountain bike trails must adhere to the generally accepted standards in South Africa for mountain bike trails.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
