STATEMENT BY THE HEAD OF DEPARTMENT

The Annual Performance Plan (APP) is designed to support Outcomes 3, 4 and 6 of Government Medium Term Strategic Framework (MTSF). This APP further focuses on key activities related to achieving not only the Outcomes, but the National Development Plan 2030 as well.

Increasing safety within the Province is guided by the framework for policing as set out in Chapter 11 of the Constitution of the Republic of South Africa. Provincial government has no control over day to day operations of the South African Police Service (SAPS), with this function as well as other criminal justice functions residing under the control of National Government. It is for this reason that the Department cannot direct its resources to traditional strategies to fight crime such as visible policing, more detective services, and improved prosecution rates. However the Department focuses on the implementation of the Provincial Crime Prevention Strategy that addresses social crime prevention programmes and works hand in glove with communities in the reduction of crime. The Department is also the lead Department in Outcome 3, "All people in South Africa are and feel safe".

It is the responsibility of the Department to co-ordinate, on a quarterly basis, the progress of the following departments/institutions in achieving the targets as set out in the Medium Term Strategic Framework (MTSF):

- Department of Justice and Constitutional Development
- Department of Correctional Services
- Department of the National Prosecuting Authority
- Department of Home Affairs
- The South African Police Service
- Department of Social Development
- Department of Transport, Safety and Liaison

The Department of Transport, Safety and Liaison is also a key contributor to the provincial vision of providing conditions for sustainable economic growth in order to create jobs. However, the department is conscious that the current economic climate brings enormous challenges to achieving the departmental mission, that of delivering safe and reliable transport services to promote positive socio-economic outcomes and safe, empowered and connected communities. The Department is working arduously with the community to promote non-motorised forms of transport such as riding bicycles and walking. The department is further committed to empowerment programmes for taxi associations to ensure that they transport our communities in safe and reliable vehicles. To this end regular road worthiness inspections are conducted.

Although the department is making progress towards achieving a reduction of road fatalities, the authorities can only do so much. Road users must play their part by observing road rules. The department will continue to encourage responsible road behaviour, supported by appropriate education and enforcement activities. I want to express my appreciation to our partners – those law-abiding pedestrians, motorists, cyclists and motorcyclists who model the kind of behaviour on the roads that make all of us safer.

The plans, projects and performance targets set in the APP of 2017/18, require our staff to serve with purpose. As we strive to do more with less, under on-going public sector constraints, we appreciate the employees within the Department, who not only take pride in their work, but whose work remains beyond reproach, efficiently delivering on improved quality services to our communities.

In conclusion, I am extremely grateful for all the excellent work being done by the management, and I believe that, together, we can achieve our vision of being "Leaders in the creation and co-ordination of safe, secure and sustainable transport and policing systems, for a crime-free Northern Cape Province".

Mr. MP Dichaba

Head of Department

Date: 22/03/2017

OFFICIAL SIGN-OFF

It is hereby certified that this Annual Performance Plan:

- Was developed by the management of the Department of Transport, Safety & Liaison under the Guidance of the Member of the Executive Council, Honourable P Williams.
- Takes into account all the relevant policies, legislation and other mandates for which the
 Department of Transport, Safety & Liaison is responsible.
- Accurately reflects the performance targets which the Department of Transport, Safety & Liaison will endeavour to achieve given the resources made available in the budget for 2017/18.

1. VISION

A leader in the creation and coordination of safe, secure and sustainable transport and policing systems for a crime-free Northern Cape Province.

2. MISSION

To enable a safe and secure environment and mobility for the community of the Northern Cape through:

- Good Corporate Governance, Management, Administration and Support
- Establishing and supporting community safety partnerships
- Monitoring and oversight of the police
- Facilitating and coordinating social crime prevention and road safety programmes
- Educating, enforcing and administering road traffic legislation
- Liaison with all relevant stakeholders, role-players and clients pertaining policing, safety and security
- Regulated and integrated transport modes which are economically and environmentally sustainable

3. VALUES

In the fulfilment of its Mission and towards the attainment of its Vision, the Department intends achieving performance excellence through the adherence to the following operational values:

- 1.1. Service Excellence through Batho Pele
- 1.2. Mutual Respect and Trust
- 1.3. Integration of effort between agencies, local authorities, Government Departments and other stakeholders
- 1.4. Teamwork working together and building a spirit of co-operation
- 1.5. Knowledge Application courage to learn, change and innovate
- 1.6. Professionalism, honesty and integrity
- 1.7. Shared vision, communication, consultation and sharing of ideas and information, commitment and teamwork
- 1.8. Accountability, transparency, compliance and meeting of deadlines
- 1.9. Pro-active thinking and approach
- 1.10. Motivation as an integral function of all managers, consistently giving recognition, acknowledgement and feedback
- 1.11. Unity in diversity, representivity and equity
- 1.12. Culture of tolerance, mutual respect, trust, honesty, loyalty, patriotism, positive attitude
- 1.13. Adherence to the Public Service Code of Conduct and self-discipline.

4. LEGISLATIVE AND OTHER MANDATES

The Department of Transport, Safety and Liaison mandate is derived from the Constitution of the Republic of South Africa, 1996 (herein referred to as the Constitutions). Certain mandates are concurrent responsibilities, whilst others are exclusively the responsibility of the provincial government. The mandates and legislation are outlined in this section.

4.1. Constitutional Mandates

In terms of Schedule 4, Part A of the Constitution read with other legislation, the DTSL is concurrently responsible for the following functional areas of legislative competence:

- Public Transport (the concurrent national department is the Department of Transport);
- Vehicle Licensing (the concurrent national department is the Department of Transport);
- Road traffic regulation (the concurrent national department is the Department of Transport);
- Oversight over policing (the concurrent national department is the National Secretariat for Police)

Provincial governments have been assigned a number of policing functions and duties within Chapter 11 of the Constitution as set out below:

- To determine the policing needs and priorities for the province as per Section 206(1) read with Section 206(2)
- To monitor police conduct as per Section 206(3)(a)
- To oversee effectiveness and efficiency of the police and the community as per Section 206(3)(c)
- To assess the effectiveness of visible policing as per Section 206(3)(d)
- To liaise with the Cabinet Member responsible for policing with respect to crime and policing in the province as per Section 206(3)(e)
- To investigate or appoint a commission of inquiry into, any complaint of police inefficiency or a breakdown in relations between the police and community as per Section 206(5)(a)
- To consider and refer complaints to the Independent Police Investigative Directorate (IPID) and to monitor the investigation of such complaints as per Section 206(6)
- To require the Provincial Commissioner (SAPS to appear before the provincial legislature or nay of it committees to answer questions as per Section 206(9)
- To receive and consider the annual report on policing in the province from the Provincial Commissioner as per Section 207(5)
- To consider and institute appropriate proceeding against the Provincial Commissioner if the provincial executive has lost confidence in that Provincial Commissioner as per Section 207(6)

4.2. Legislative Mandates

In the main the following national and provincial legislation guides the DTSL in the discharge of its responsibilities:

| Function | Legislation |
|----------------------|--|
| Transport | Legislation Administrative Adjudication of Road Traffic Offences Act, 1998 (Act 46 of 1998) (AARTO) Promotes road traffic quality by providing for a scheme to discourage road traffic contraventions, to facilitate the adjudication of road traffic infringements, to support the prosecution of offenders in terms of national and provincial laws relating to road traffic, to implement a points demerit system, to provide for the establishment of an agency to administer the scheme, to provide for the establishment of a board to represent the agency, and to provide for related matters. National Land Transport Act, 2009 (Act 5 of 2009) (NLTA) Provides for the process of transformation and restructuring of the National Land Transport System initiated by the National Land Transport Transition Act, 2000 (Act 22 of 2000), through: • The formulation and implementation of provincial land transport policy and Strategy; • The planning, coordination, and facilitation of land transport functions; |
| | Collaboration between municipalities; and Liaison with other government departments. National Road Traffic Act, 93 of 1996 The object of this Act is to provide for road traffic matters which shall apply uniformly |
| | Road Traffic Management Corporation Act, 1999 (Act 20 of 1999) Provides, in the public interest, for cooperative and coordinated strategic planning, regulation, facilitation, and law enforcement in respect of road traffic matters by the national, provincial, and local spheres of government; regulates the contracting out of road traffic services; provides for the phasing in of private investment in road traffic and, to that end, provides for the establishment of the Road Traffic Management Corporation and related matters. |
| Civilian Secretariat | Civilian Secretariat for Police Act, 2 of 2011 The Act gives effect to Section 208 of the Constitution by establishing the Civilian Secretariat to function under the direction of the National Minister of Police. The DTSL is mandated, under the auspice of the Provincial Secretariat, as per section 17 of the Civilian Secretariat for Police Act to "establish competencies and capabilities in its operations, to Monitor and evaluate the implementation of policing policy in the province; Evaluate and monitor police conduct in the province; |

| Function | Legislation |
|-------------|---|
| | Develop and evaluate safety models and monitoring tools to ensure alignment with the functions of the civilian secretariat; Assist the civilian secretariat with any monitoring and evaluation projects; Promote community police relations; Establish and promote partnerships; and Manage the enhancement of community safety structures with the province |
| Transversal | Basic Conditions of Employment Act, 1997 (Act 75 of 1997) To give effect to fair labour practices referred to in section 23(1) of the Constitution by establishing and making provision for the regulation of basic conditions of employment, and thereby to comply with the obligations of the Republic as a member state of the International Labour Organization. |
| | Control of Access to Public Premises and Vehicles Act, 1985 (Act 53 of 1985) Provides for the safeguarding of certain public premises and vehicles and for the protection of the people therein or thereon, and for related matters. |
| | Division of Revenue Act (Annual) An annual Act of Parliament which provides, inter alia, for the equitable division of revenue anticipated to be raised nationally among the national, provincial, and local spheres of government and for Conditional Grants to provinces to achieve government's policy objectives. It further promotes predictability and certainty in respect of all allocations to provinces and municipalities so that such governments can plan their budgets over a multi-year period. |
| | Employment Equity Act, 1998 (Act 55 of 1998) Aims to achieve equity in the workplace by promoting equal opportunity and fair treatment in employment through the elimination of unfair discrimination and implementing affirmative action measures to redress the disadvantaged in employment experienced by designated groups in order to ensure equitable representation in all occupational categories and levels in the workforce. |
| | Labour Relations Act, 1995 (Act 66 of 1995) Enables the DTPW to advance economic development, social justice, labour peace, and the democratisation of the workplace. |
| | Occupational Health and Safety Act, 1993 (Act 85 of 1993) Requires DTSL, as custodian and regulator of the built environment, to ensure that all building and irrespective of whom it is undertaken by, complies with this legislation and that the structures remain compliant throughout their life cycle. |
| | Promotion of Access to Information Act, 2000 (Act 2 of 2000) (PAIA) PAIA fosters a culture of transparency and accountability in public and private bodies by giving effect to the right of access to information (provided by Section 32 of the Constitution) and actively promoting a society in which people have effective |

| Function | Legislation |
|----------|---|
| | access to information to enable them to more fully exercise and protect all their |
| | rights. |
| | |
| | Promotion of Administrative Justice Act, 2000 (Act 3 of 2000) (PAJA) |
| | Gives effect to Section 33 of the Constitution which provides that everyone |
| | has the right to administrative action that is lawful, reasonable, and procedurally |
| | fair. Anyone whose rights have been adversely affected by administrative action has |
| | the right to be given reasons. PAJA deals with general administrative law and |
| | therefore binds the entire administration at all levels of government. |
| | |
| | Public Finance Management Act, 1999 (Act 1 of 1999) |
| | Supports transparency, accountability, and sound management of the revenue, |
| | expenditure, assets, and liabilities of DTSL. |
| | |
| | Provincial Archives and Records Service of the Western Cape Act, 2005 (Act 3 of |
| | 2005) |
| | Preserves archival heritage for use by the government and people of South |
| | Africa, and promotes efficient, accountable, transparent government through the |
| | proper management and care of government records. |
| | Public Service Act, 1994 (Proclamation 103 published in Government |
| | Gazette15791 of 3 June |
| | 1994) |
| | This is the principal Act governing public administration. It provides the |
| | administrative and operational framework for government departments by |
| | providing guidelines on employment and human resource practices, i.e. |
| | Conditions of employment, terms of office, discipline, retirement, and discharge of |
| | members of the public service, and related matters. |
| | |

4.3. Policy Mandates

| Function | Policies |
|-----------|---|
| Transport | National Public Transport Strategy, 2007 |
| | This strategy has two key thrusts, namely: |
| | Accelerated modal upgrading, which aims to provide for new, more efficient, |
| | Universally accessible, and safe public transport vehicles and skilled operators. |
| | Integrated rapid public transport Networks, which aims to develop and |
| | optimise integrated public transport solutions. |
| | |
| | National Road Safety Strategy, 2011-2020 |
| | Informs a national coordinated effort to improve education and enforcement |
| | regarding poor road use behaviour in line with international best practices and |
| | recommendations from the World Health Organization for developing countries. |
| | |
| | |

| Function | Policies | | | | | | | |
|----------------------|--|--|--|--|--|--|--|--|
| | National Rural Transport Strategy, 2007 | | | | | | | |
| | Provides guidance to all three spheres of government on dealing with the | | | | | | | |
| | mobility and access challenges experienced in rural areas in an integrated, aligned, | | | | | | | |
| | coordinated manner. Its two main strategic thrusts are promoting coordinated | | | | | | | |
| | rural nodal and linkage development; and developing demand-responsive, | | | | | | | |
| | balanced, sustainable rural transport systems. | | | | | | | |
| | | | | | | | | |
| | National Freight Logistics Strategy, 2005 | | | | | | | |
| | Reduces inland freight costs through lower system costs that result from increased | | | | | | | |
| | efficiency, reliability, and lower transit times, thus offering the customer viable | | | | | | | |
| | modal choices between road and rail. | | | | | | | |
| | | | | | | | | |
| Civilian Secretariat | National Development Plan 2030 | | | | | | | |
| | Role of the Department: | | | | | | | |
| | The promotion of professional policing (through effective oversight) | | | | | | | |
| | Build safety (using an integrated approach) | | | | | | | |
| | Build community participation in community safety | | | | | | | |
| | Strengthen the criminal justice system | | | | | | | |
| | Demilitarise the police service | | | | | | | |
| | | | | | | | | |

5. SITUATIONAL ANALYSIS

5.1. Service Delivery Environment

The Northern Cape population as revealed by Stats SA Mid-Year Population Estimates 2016, outlines that the population has increased from 1 172 624 to 1 191 740. Just over 46% of the population is aged younger than 24 years and approximately 9.8% is 60 years or older. Of note is the fact that the growth rate of females is lower than that of males.

Table No. 1. Total Population by Age Group and Sex

| Age Group | Male | Female |
|---------------|--------|--------|
| | Number | Number |
| 0 - 4 years | 53 979 | 52 498 |
| 5 - 9 years | 57 767 | 56 294 |
| 10 - 14 years | 56 533 | 55 448 |
| 15 - 19 years | 55 976 | 55 058 |
| 20 - 24 years | 56 944 | 54 214 |
| 25 - 29 years | 59 718 | 54 569 |
| 30 - 34 years | 49 302 | 45 839 |
| 35 - 39 years | 41 623 | 39 561 |
| 40 - 44 years | 34 541 | 34 062 |
| 45 – 49 years | 30 884 | 31 505 |
| 50 – 54 years | 25 512 | 26 831 |
| 55 – 59 years | 22 028 | 23 992 |
| 60 – 64 years | 18 053 | 20 865 |

| 65 – 69 years | 13 029 | 16 453 |
|---------------|---------|--------|
| 70– 74 years | 9 062 | 13 127 |
| 74 – 79 years | 5 166 | 8 338 |
| 80+ years | 3 955 | 8 924 |
| Total | 594 072 | 597668 |

Source: Population Mid-Year Estimates, 2016 (Stats SA)

Although there is a slight change in the population figure, the province continues to have the smallest population which is 2.2% of the total population of South Africa. It further covers a total area of 372 889 square kilometres which is 30.5% of the country's land area. Since the last financial year, the department has experienced some challenges characterized by issues such as the following;

- Lack of sufficient resources both human and physical to actively engage in strategic objectives.
- Lack of adequate funds to pursue some objectives in the Strategic Plan, which are aligned with the achievement of APPs.
- Managers who are acting in their managerial posts and not permanently appointed, thwarts the activities of the department as they are unable to take final informative decisions as prescribed by their conditional appointments.
- Resignations and retirements in the traffic law enforcement directorate is a cause of concern as the department is unable to introduce a 24/7 shift system to ensure that our roads are always policed.

This further implies that services rendered at vast and rural areas will continue to be affected negatively and will continue to increase expenditure in transportation costs due to distances. With over 60% of the population being under the age of 40 years, the Department will target social crime prevention programmes aimed at the youth to reduce crime and promote future generations of law-abiding citizens.

5.2. Socio-Economic Issues

The world economy is characterised by divergent growth between the advanced and emerging economies. Economic growth has been constrained since 2009, and particularly in 2015. A decline in the mining, manufacture and agriculture sectors is a key contributing factor to the economic slowdown. The greatest concern is slowing growth in China, which has led to lower demand for South African exports and sharp declines in commodity prices. Key domestic constraints on economic growth include rising costs, capacity constraints and a less certain policy environment. Cost pressures include the ever increasing costs of utilities and basic services (power, transport and telecommunications). Capacity constraints include the lack of power generation capacity, limited and ageing road, rail and port infrastructure, and insufficient social infrastructure (public transport, health and education).

South Africa's current account deficit widened to ZAR 211 billion or 5.0 percent of gross domestic product in the first quarter of 2016 from a revised gap of ZAR 191 billion or 4.6 percent in the previous period, as the shortfall on the services, income and current transfer account increased, due to an rise in net income payments to the rest of the world. Meantime, trade balance deficit declined to ZAR 38 billion compared with a revised ZAR 41 billion gap in the fourth quarter. Higher international prices of certain commodities and a more depreciated exchange rate of the rand gave rise to exports while imports advanced at a slower pace as an increase in the value of imported capital and intermediate goods was partly offset by lower imports of consumer goods.

The impact of challenging global economic environment is compounded by domestic constraints, including a protracted nationwide drought, a depreciating rand, higher interest rates and market volatility. South Africa's growth forecast has been revised downwards by the International Monetary Fund July 2016 to 0,1 per cent. The low growth forecasts mean the economy is not keeping up with the population growth of 1.7%. This is also as a result of low business confidence and low private sector fixed investment, slower mining, manufacturing and agricultural output, weaker household spending, accelerated inflation, and constrained government expenditure. Under current conditions, employment growth is likely to remain poor.

The Northern Cape's low population and arid conditions impact economic activity in the province, which contributes only 2% to South Africa's GDP. Its principal industries are mining (including quarrying) and agriculture. The Northern Cape mining industry makes up nearly 7% of South Africa's total mining value, and contributes 23.4% to the province's total economy. Its farmers contribute 6.1% to South African agriculture, but only make up 6.6% of the province's economy.

Given the province's dry conditions and dependence on irrigation, many Northern Cape farmers are branching out into value-added activities such as game farming. Food production and processing for the local and export market is also on the uptake. Underpinning the growth and development plan of the province are the investment projects that link up with the existing plans of the Namaqua Development Corridor. The focus is on the beneficiation and export of sea products.

The economy of a large part of the Northern Cape, the interior Karoo, depends on sheep-farming, while the karakul-pelt industry is one of the most important in Upington. The province has fertile agricultural land. In the Orange River Valley, especially at Upington,

Kakamas and Keimoes, grapes and fruit are cultivated intensively. Wheat, fruit, peanuts, maize and cotton are produced at the Vaalharts Irrigation Scheme near Warrenton.

Source: STATSSA: Quarterly Labour Force Survey - Quarter 1, 2016

The official unemployment rate increased from 108 000 in Quarter 4 of 2015 Quarter 1 of 2016 (120 000). Government continues to address the challenge of unemployment through several programmes and projects. It is widely recognised that the pace of economic growth plays a crucial role in providing job opportunities in the labour market. Quarter on quarter employment rates remains a concern as there is no steady increase in employment as is

evident from figure 2. Of note is the fact that the Not Economically Active persons has continued to decrease from 351 000 to 339 000.

The slight growth in the staff complement does not match the growth in the service package that has exponentially grown over years. The public services sector particularly the safety and security sector, including the response to crime continues to cost government and the South African economy an enormous amount of money annually based on economic unproductivity. The service delivery environment is one that continues to be characteristic of high incidences of substance abuse, unemployment and poverty, all factors that lead to higher levels of vulnerability to crime.

Growing urbanisation, the downturn in the economy and high unemployment has led to increased demand for services, particularly for affordable transportation. Effective public transport systems are critical for growth and development and they help to mitigate the transportation and density challenges associated with greater urbanisation.

Access to education and work opportunities is limited where there is a lack of integrated and sustainable transport networks. There is a critical need to develop alternative funding sources as well as a multi-pronged approach by all spheres of government to increase access to affordable transport. The high levels of unemployment and poverty, together with the associated low level of economic growth, create a situation where many people cannot afford to use public transport.

The rand-dollar exchange rates have a direct impact on public transport costs and affordability because the cost of fuel affects how much of the Provincial Transport Operations Grant (PTOG) is available for other public transport purposes. Higher fuel costs increase the operational costs of public transport and fleet operations which in turn increases operator and Government Motor Transport (GMT) tariffs. Slower than expected economic growth will continue to exert downward pressure on the availability of resources to implement government programmes.

According to the National Household Travel Survey, June 2014:3 (Northern Cape Profile), more than 65% of workers walked up to 5 minutes to their first public transport, followed by 23.5% of those who walked between six to ten minutes. Close to 9% walked for more than fifteen minutes to the first public transport with the majority of those coming from the Pixley-Ka-Seme and John Taolo Gaetsewe District Municipalities. The use of public transportation is key in the delivery of services to the people of the Northern Cape.

Figure No. 3: Overview of household use of public transport during the month preceding the survey by district municipality

| | | e of travel district municipality) |
|--|--------|---------------------------------------|
| Location | Taxis | Buses |
| District municipality | | |
| Namakwa | 18,7 | 12,4 |
| Pixley Ka Seme | 18,2 | 0,8 |
| ZF Mgcawu | 52,4 | 7,9 |
| Frances Baard | 65.9 | 7,0 |
| John Taolo Gaetsewe | 65,4 | 10,9 |
| Northern Cape | 51,0 | 7,5 |
| Geographic region | | - |
| Urban | 49,7 | 6,12 |
| Rural | 55,2 | 12,32 |
| Reasons for non-use of service by non- | -users | |
| Not available | 21,6 | 36,8 |
| Service related reasons | 20,7 | 12,2 |
| Other reasons | 57,7 | 51,0 |

'Other reasons' includes: Safety from accidents, can walk, costs, etc.

Source: STATSSA: National Travel Household Survey 2014 (Northern Cape)

By comparison taxis (51.0%) were more often used as public transport than busses (7.5%). District municipalities that reported high percentages of taxi usage were Frances Baard (65.9%), John Taolo Gaetsewe (65.4%) and ZF Mgcawu (52.4%). only a small percentage travelled by bus with one out of ten households in Namakwa (12.4%) and John Taolo Gaetsewe (10.9%) opting to use this mode of transport. The availability of transport was the major and most common reason in respect of both modes of transport for households who chose not to use public transport.

With Transnet's announcement of the closure of the manganese ore export terminal in the Port of Port Elizabeth due to environmental concerns, the shareholders approved a 16 Mtpa manganese expansion project at a total estimated capital cost of R26.6 billion. This investment is resulting in significant upgrades of the rail network between Hotazel and Coega and the provision of a new bulk terminal in the Port of Nggura to be operational by 2018/19.

It is envisaged that the programme will deliver several economic, social and environmental benefits through the expansion of rail capacity on the Hotazel-Kimberley-De Aar-Ngqura rail corridor and infrastructure development at the Port of Ngqura. The programme will also create capacity ahead of industry demand as a catalyst for economic growth to support the National agenda to accelerate investment in the mining sector and support the industrialisation of South Africa's mineral resources.

Road crashes and pedestrian fatalities put additional pressures on the fiscus. Driving under the influence of alcohol is the most consistent contributor to road crashes and fatalities.

DTSL continues to work together with other stakeholders to deal with this negative social behaviour.

5.3. Service Delivery Areas

In order to realise the National Government Outcome 3 "All people in South Africa are and feel safe" the Department facilitated the development a Provincial Crime Prevention Strategy. The main pillars of the Strategy are derived from Outcome 3 and the National Development Plan. One of the objectives set out in this plan is to "Provide integrated crime prevention initiatives for safer communities". The Crime Prevention Strategy is being reviewed and revised and will be approved in 2017/18.

The eventual outcome is "A Safe and Secure environment in the Northern Cape Province by 2020". The second objective "To strengthen relations between communities and police", is to continue to reinforce existing partnerships as well as initiate new sustainable partnerships in order to act as a catalyst and support the creation of safe, positive environments and communities in which crime is less likely to happen in the first place. The partnerships referred to are between Government and civil societies and forms a basis for bringing the provincial strategy of increasing safety to fruition.

The civilian oversight of the South African Police Service (SAPS) is one of the Department's core mandates as stipulated in Section 206 of the South African Police Service Act, No 57 of 2008. It is imperative to reflect on levels of crime which impacts safety people of the Northern Cape as well as to ensure that SAPS remains responsive to the needs of the community.

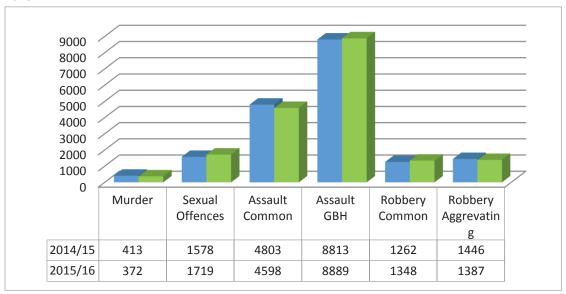

Figure No. 4: Cases of Contact Crime reported in the Northern Cape Province for the period April 2015 – March 2016

Source: SAPS Annual Report 2015/16

During the 2015/2016 financial year the contact crime category (crimes against the person) had an overall increased with 94 cases or 0.5%. The two crimes with the biggest margin of case increase within the contact crimes were sexual offences (141 cases) and attempted murder (96 cases). Murder showed a decrease of 9.9% (-41 cases). Alcohol and drug abuse are one of the biggest generators of violent crimes.

Factors contributing to attempted murder are closely linked to those of assault with intent do grievous bodily harm and murder. In some instances, the extent of injuries inflicted is so severe that attempted murder cases are opened.

The Sexual Offences category showed an increase of 8.9% (141 cases). It includes the following crimes: rape, sexual assault, attempted rape, contact sexual offences, sexual offences due to police action. Assault with the intent to inflict grievous bodily harm cases reflected an overall increase of 0.9% (76 cases).

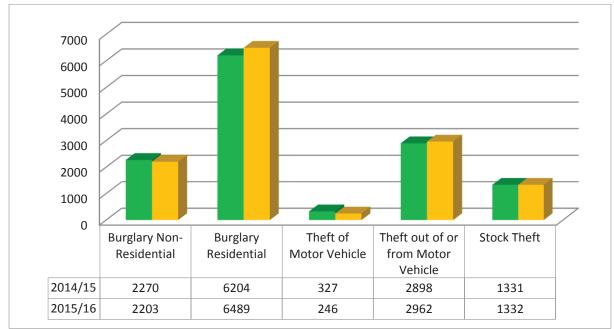

Figure No. 5: Property Related Crime reported in the Northern Cape for the period April 2015 to March 2016

Source: SAPS Annual Report 2015/16

Property related crimes which include burglary business, burglary residential, theft of motor vehicle, theft out of / from motor vehicle indicated and stock theft showed an increase 1.4% (182 cases). In this instance it is critical that the department conduct its oversight function of the South African Police Service more diligently by ensuring that Community Policing Forums and Community Safety Forums are functioning optimally to assist the police in addressing crime in all areas.

The people of the Northern Cape rely primarily on public and non-motorised transport (NMT). Many struggle to access safe and reliable public transport, especially in the rural areas such that they end up using low-quality public transport. The stimulation of economic growth and activities within the Province's rural areas rests on the provision of an effective, affordable, accessible and reliable public transport service. Many who use NMT (walking and cycling) have to travel long distances in unsafe conditions and there is a lack of adequate facilities to meet their needs. There is a clear need for DTSL to take the lead in improving public transport and NMT. Integrated transport planning is critical to enable improvements in public transport networks and services.

The provision of public transport is dependent on the available funding, improved road conditions and the safe transportation of commuters. The Department is currently transporting a total number of 24 500 learners, who mainly walk more than 5km's per single trip on a daily basis to school. The Department is also providing subsidized bus services for the Kimberley-Barkly West, Kimberley-Ritchie; Hartswater, Springbok and Kuruman areas.

In the transport sector and in National Government Outcome 6 of "An efficient, competitive and responsive economic infrastructure network", strategic partnerships were forged with a wide range of interest groups. Focus is placed on improving cooperation with other departments and municipalities in order to ensure complimentary activities contributing to enhanced service delivery impacts. Particularly, support is provided to municipalities in developing their Integrated Transport Plans (ITP) as a critical component of their municipal Integrated Development Plans. ITP's are geared towards enhancing the provision of transport systems that are accessible, safe and reliable across the province and further provide opportunities for the previously disadvantaged through improving public transport services and infrastructure and economic opportunities offered by this.

Achieving road safety on Northern Cape roads is a collaborative effort including various critical partners which include the mini-bus taxi industries, and prosecutorial and law enforcement agencies. The Northern Cape's road environment is showing high rates of crashes, injuries and fatalities, all of which have negative impacts on social and economic well-being. A total of 122 provincial traffic officers are currently working in partnership with municipal traffic officers to enforce traffic laws and promote a safer road environment.

The strategy of visible policing is constrained by a lack of capacity and by the fact that traffic management is not a high priority for certain local authorities. The technology which can act as a force multiplier is expensive and funding is limited. Changing road user behaviour is essential to make the Northern Cape road environment safer. Ongoing DTSL mass public communication helps to encourage all road users to behave responsibly. Through the Decade

of Action 2011-2020 and with the support of all stakeholders and communities, emphasis will be on developing and enforcing legislation on risk factors such as excessive speeding and reducing drunken driving. The Province has continued to implement the Road Safety 365 Plan which has been developed to address the high level of lawlessness and reducing the fatality rate as outlined in the National Development Plan.

5.4. Organisational Environment

The Department is currently in the process of reviewing its organisational structure to align with the new strategic objectives as well as the dictates of the public sector regulatory framework. There is a current workforce of three hundred and ninety nine staff members inclusive of contract workers. The majority of the workforces are traffic officers whose obligation is not only to not to police public roads but also provide services in driving licence testing centres as well as having to assist in conducting roadworthiness tests on vehicles that escort scholars to school on a daily basis

The Department has continued to provide learnership and internship programmes to nineteen (19) interns. This programme is aimed at bridging the gap between unemployed youth and the workplace environment. These youths must respond to the Departmental Human Resources Plan imperatives in terms of skills gap identified. This would be in the areas of Transport Economy, Freight and Logistics Management and Traffic Engineering.

HIV/AIDS, TB and related chronic ailments remains a concern to the workforce of the Department and the public that are serviced. In response to these challenges, the Department has mainstreamed its operations and programmes to ensure that they are in line with the Provincial Strategic Programmes (PSP) which forms part of the National Strategic Plan of HIV/AIDS.

The provincial budgetary limitations remain a barrier in the fulfilment of objectives to implement qualitative skills development and training programmes. These desired programmes are aimed at ensuring that the Department develops skills pool in response to identified areas of skills shortages.

The mandatory policy directives and central resolutions on conditions of service that emanate from the Department of Public Service and Administration as well as from the PSCBC without provision for the requisite resources and implementation capacity presents weakness in governance and administration system since the Department is required as a matter of compliance to implement.

8.5. Payment Summary

The MTEF baseline allocation for the period 2017/18 to 2019/20:

2017/18 Financial Year: R388 899 million

2018/19 Financial Year: R407 930 million

2019/20 Financial Year: R431 482 million

9. STRATEGIC PLAN 2015/16 - 2019/20 REVIEW

The Strategic Plan 2015/16-2019/20 was tabled on the 24th March 2015. After tabling the department identified areas that needed to be amended. According Section 4.1 of the Framework for Strategic Plans and Annual Performance Plans by National Treasury, "A Strategic Plan may be changed during the five-year period that it covers. However, such changes should be limited to revisions related to significant policy shifts or changes in the service delivery environment. The relevant institution does this by issuing an amendment to the existing plan, which may be published as an annexure to the Annual Performance Plan or by issuing a revised Strategic Plan".

Based on the aforementioned statement, the department reviewed its strategic plan and subsequently issued an annexure to the Annual Performance Plan 2016/17 -2018/19 by constructing amendments to the Strategic Goal table through the introduction of only one high impact strategic objective per Strategic Goal as well as the inclusion of a Strategic Objective Indicator per Strategic Objective identified by the Department. This annexure has been carried through to the Annual Performance Plan 2017/18 – 2019/20.

PART B PROGRAMME SUB-PROGRAMME PLANS

10. PROGRAMME 1: ADMINISTRATION

PROGRAMME PURPOSE

To provide strategic, finance, organisational and administrative support services to the line functions of the Department.

PERFORMANCE AND EXPENDITURE TRENDS

To ensure that the strategic objectives are achieved the Department will have to:

- Ensure that planning is aligned with the available budget
- Verification of portfolio of evidence in relation to achievement of target
- Ensure and unqualified opinion on performance information
- A thorough and comprehensive realignment of financial commitments
- Reprioritisation of financial commitments
- Liaison with relevant stakeholders
- Curb ALL unplanned/unbudgeted for expenditure
- Do a proper affordability exercise, so as to assess whether the weight can be carried by the craft
- Assess the confidence of oversight bodies, in the operations and affordability of departmental programmes
- Provide effective support, to service delivery programmes, by creating an atmosphere which is conducive to sustainable and credible environment

PERFORMANCE AND EXPENDITURE TRENDS

To ensure that the strategic objectives are achieved the Department will have to:

The implementation of the structure will further assist by ensuring a well-resourced structure at District Level in to fully implement the National Monitoring Tool as well as Implement the Civilian Secretariat Structure in order to conduct more research topics in SAPS and communities that are affected by crime or poor service delivery by SAPS. the Domestic Violence Act at all police stations in the Province.

and implementing a community outreach programme in-line with the MEC outreach campaign was allocated to the sub-programme. Allocated budget did not make provision for additional programmes. The budget allocation towards the implementation of the four social crime prevention programmes will subsidise as far as possible the The current budget allocation towards the sub-programme, Safety Promotion is insufficient, taking into consideration that the tasks of establishing Community Safety Forums implementation of these additional programmes during the financial year.

The Department will ensure that SAPS provide the necessary resources and training to ensure total functionality of CPF's.

Northern Cape Department of Transport, Safety and Liaison APP 2017/18 - 2019/20

12. PROGRAMME 3: TRANSPORT OPERATIONS

PROGRAMME PURPOSE

To plan, regulate and facilitate the provision of public transport services through cooperation with the National and Local Authorities, as well as the private sector in order to enhance the mobility of all communities particularly those currently without or with limited access.

TABLE 8: STRATEGIC OBJECTIVES AND ANNUAL TARGETS: TRANSPORT SYSTEMS

PERFORMANCE AND EXPENDITURE TRENDS

To ensure that the strategic objectives are achieved the Department will have to:

- Appoint the new PRE in line with the National Land Transport Act, Act 5 of 2009
- Ensure that the backlog of outstanding applications are dealt with

Reconciliation of Programme 3 Performance Targets with the Budget over the MTEF

PERFORMANCE AND EXPENDITURE TRENDS

To ensure that the strategic objectives are achieved:

The programme will need to be more frugal in the use of the limited resources to ensure that it is able to achieve the desired outcomes.

There will be a need to continuous reprioritisation within the allocated budget and also pool resources together working with our internal and external stakeholders and role-players e.g. Road Traffic Management Corporation etc.

Reconciliation of Programme 4 Performance Targets with the Budget over the MTEF

ANNEXURE E: TECHNICAL INDICATOR DESCRIPTIONS

PROGRAMME 1: ADMINISTRATION

| Strategic Objective Indicator | Clean Audit Outcomes |
|-------------------------------|---|
| title | |
| Short definition | To measure organisational performance through the alignment of processes, in full |
| | compliance with legislative and accounting requirements |
| Purpose/importance | To improve levels of integrity, efficiency and effectiveness |
| Source | Auditor General Report |
| Method of calculation | Simple Count |
| Data limitations | Availability of information from AGSA |
| Type of indicator | Output |
| Calculation type | Non-cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Clean audit outcome |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: POLICY AND PLANNING

| Indicator title | Number of Annual Performance Plans submitted and published |
|---------------------------|---|
| Short definition | A plan that sets out what an institution intends doing in the upcoming financial year and |
| | during the MTEF to implement the strategic plan |
| Purpose/importance | Sets out performance indicators and targets for budget programmes |
| Source/collection of data | Approved APP |
| Method of calculation | Simple Count |
| Data limitations | Late submission and outdated information |
| Type of indicator | Output |
| Calculation type | Non-cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Tabled APP to the Legislature |
| Indicator responsibility | Senior Manager Policy and Planning |

| Indicator title | Number of quarterly performance reports submitted |
|---------------------------|--|
| Short definition | To provide information on quarterly achievements based on the Annual Performance Plan |
| Purpose/importance | To table the departmental performance per quarter to Provincial Treasury and Legislature |
| Source/collection of data | Quarterly performance reports |
| Method of calculation | Count |
| Data limitations | Late submission and outdated information |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Performance as per target |
| Indicator responsibility | Senior Manager Policy and Planning |

| Indicator title | Number of Annual Reports submitted and published |
|---------------------------|---|
| Short definition | It is a report that provides information on the performance of the institution in the preceding |
| | financial year for the oversight and monitoring of progress |
| Purpose/importance | To publish the annual performance of the institution |
| Source/collection of data | Published Annual Report |
| Method of calculation | Simple Count |
| Data limitations | Late submission and outdated information |
| Type of indicator | Output |
| Calculation type | Non-cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Tabled Annual Report |
| Indicator responsibility | Senior Manager Policy and Planning |

SUB-PROGRAMME: OFFICE OF THE CHIEF FINANCIAL OFFICER

| Indicator title | Number of in Year Monitoring Reports to Treasury |
|---------------------------|---|
| Short definition | Monthly in-year reports on revenue- and expenditure performance |
| Purpose/importance | Corrective actions instituted timeously |
| Source/collection of data | In-Year Monitoring Reports |
| Method of calculation | Count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | As per target |
| Indicator responsibility | Chief Financial Officer |

| Indicator title | Number of Interim and Annual Financial Statements submitted |
|---------------------------|---|
| Short definition | Measure financial performance of the department |
| Purpose/importance | Transparency |
| Source/collection of data | Annual and Interim Financial Statements and proof of submission to Treasury |
| Method of calculation | Count |
| Data limitations | None |
| Type of indicator | Efficiency and economy |
| Calculation type | Cumulative for the year |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | As per target |
| Indicator responsibility | Chief Financial Officer |

| Indicator title | Number of progress reports on Audit Action Plan |
|---------------------------|---|
| Short definition | Ensure that corrective actions are achieved with regard to audit findings |
| Purpose/importance | Transparency and integrity |
| Source/collection of data | Progress Reports on Audit Action Plan |
| Method of calculation | Count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | As per target |
| Indicator responsibility | Chief Financial Officer |

| Indicator title | Percentage of women financially assisted through procurement processes |
|---------------------------|---|
| Short definition | Percentage of procurement from women owned enterprises |
| Purpose/importance | Transparency and integrity |
| Source/collection of data | Procurement statistics disaggregated for gender and the analysis to provide percentage of |
| | females assisted |
| Method of calculation | Number of female service providers benefitting from the SCM process/Total number of |
| Wethod of Calculation | service providers within the quarter X 100 |
| Data limitations | None |
| Type of indicator | Efficiency |
| Calculation type | Non-Cumulative |
| Reporting cycle | Quarterly |
| New indicator | Yes |
| Desired performance | As per target |
| Indicator responsibility | Chief Financial Officer |

SUB-PROGRAMME: CORPORATE SERVICES

| Indicator title | Number of litigation management reports submitted |
|---------------------------|--|
| Short definition | Programmes aimed at submitting quarterly reports setting out the number and details of |
| | litigation matter initiated by or against the Department. Secondly, to submit quarterly |
| | reports setting out the risks related to or giving rise to litigation |
| Purpose/importance | To manage litigation in the department and ensure that HOD is constantly updated with |
| | litigation matter. Secondly, to ensure that the department's legal rights, interests and |
| | mandate are protected in law suits. |
| Source/collection of data | Reports |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Higher |

| Indicator responsibility | Programme manager |
|---------------------------|---|
| | |
| Indicator title | Number of Labour Relations databases submitted |
| Short definition | The LR database is a reporting matrix containing all the Department LR court cases, |
| | grievances, disputes and disciplinary cases. |
| Purpose/importance | The LR database is a tool aimed at tracking and tracing the LR cases and grievances for |
| | reporting progress to Accounting Officer as well as the DPSA. It also seeks to ensure |
| | compliance with applicable prescripts and enhance and promote sound LR in the workplace |
| | through an interactive approach. |
| Source/collection of data | Reports and database |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reports submitted on the training and development of staff |
|---------------------------|--|
| Short definition | The programme aims to submit reports which accounts for training implemented in the |
| | department in compliance with the Skills Development Act and National HRD strategy for |
| | development and training of employees |
| Purpose/importance | Ensure statutory compliance and reporting |
| Source/collection of data | Reports and Attendance Registers |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

| Indicator title | Number of Human Resource Plans approved |
|---------------------------|--|
| Short definition | HR planning is an inclusive and dynamic process that involves the identification of both |
| | current and future human resource needs, as well as potential challenges in order for the |
| | department to achieve its organizational objectives. |
| Purpose/importance | To ensure that the department obtains the quality and quantity of staff it requires; to make |
| | optimum use of the available human resources; to anticipate and manage surpluses and |
| | shortages of staff; and to develop a multi-skilled representative and flexible workforce. |
| Source/collection of data | Human Resource Plan |
| Method of calculation | Simple count |
| Data limitations | None |

| Type of indicator | Output |
|--------------------------|-------------------|
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reports on employees assessed according to the Employee Performance |
|---------------------------|---|
| | Management and Development System Policy (EPMDS) and SMS Handbook |
| Short definition | The indicator refers to the administration and management of employee performance and |
| | development |
| Purpose/importance | To give effect to the EPMDS and SMS handbook to ensure that employee performance all is |
| | subjected to an assessment process to determine whether all employee perform to the |
| | required level and are accordingly rewarded |
| Source/collection of data | Reports on employees assessed |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reviewed and approved IT Governance policies and plans submitted |
|---------------------------|--|
| Short definition | The programme seeks to develop ICT management, planning and governance framework |
| | documents for overall administration and provisioning of ITC support services. |
| Purpose/importance | Ensure ITC connectivity and maintenance for all users in the interest of service delivery. |
| Source/collection of data | Policies and Plans |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reports on security clearances and preliminary screening submitted |
|---------------------------|---|
| Short definition | Screening is the process of performing a background check on someone before offering |
| | them employment or service providers. Secondly, vetting is to determine the level of security |
| | clearance and access to information that afforded to an official. |
| Purpose/importance | The two processes are aimed at administering security of the department and limit potential |
| | security breaches for the state. |
| Source/collection of data | Reports on Security Clearance |
| Method of calculation | Simple count |

| Data limitations | None |
|--------------------------|-------------------|
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reports to promote women empowerment, gender equality and persons with |
|---------------------------|---|
| | disability |
| Short definition | Achievement of gender equality and non-discrimination of persons with disability |
| Purpose/importance | Gender equality and empowerment and disability employment equity target |
| Source/collection of data | Consolidated reports incorporating the activities and the number of women empowered as |
| | well as describe activities conducted that relate to gender equality and persons with a |
| | disability |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | Yes |
| Desired performance | Higher |
| Indicator responsibility | Programme manager |

PROGRAMME 2: CIVILIAN OVERSIGHT

| Strategic Objective Indicator | Conduct effective oversight over policing in the Province |
|-------------------------------|--|
| title | |
| Short definition | Compliance and effective service delivery |
| Purpose/importance | To monitor and evaluate police performance and conduct and submit recommendations to |
| | improve service delivery |
| Source/collection of data | Reports on oversight visits |
| Method of calculation | Simple Count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Value adding survey report |
| Indicator responsibility | Programme Manager |

| Strategic Objective Indicator | Safety promotion programmes aimed at vulnerable groupings in our communities |
|-------------------------------|---|
| title | |
| Short definition | Programmes aimed at building / enhancing communities that are receptive to safety |
| | concerns and crime |
| Purpose/importance | Promote community participation in crime prevention |
| Source/collection of data | Project reports |
| Method of calculation | Simple Count |
| Data limitations | Non participation |
| Type of indicator | Output |
| Calculation type | Non-cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Reduction in crime |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: POLICY AND RESEARCH

| Indicator title | Number of research reports on special projects compiled |
|---------------------------|---|
| Short definition | Research on safety and security matters |
| Purpose/importance | To issue research papers to assist with decision making processes |
| Source/collection of data | HOD approved research report and Research Tool |
| Method of calculation | Simple Count |
| Data limitations | No specific limitations |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Value-adding research report as per set targets |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of community safety research conducted |
|---------------------------|--|
| Short definition | Research on safety and security matters |
| Purpose/importance | To release survey perception outcomes to assist with decision making processes |
| Source/collection of data | HOD approved survey reports |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Value adding survey report |
| Indicator responsibility | Programme Manager |

SUB-POGRAMME: MONITORING AND EVALUATION

| Indicator title | Number of management reports compiled on service delivery complaints against SAPS |
|---------------------------|---|
| Short definition | Consolidated reports on the management of complaints which includes the number of |
| | complaints received, processed, resolved and unresolved. |
| Purpose/importance | To improve police, conduct by managing service delivery complaints |
| Source/collection of data | Complaints management reports and Complaints Register |
| Method of calculation | The sum of reports |
| Data limitations | The inaccessibility and unavailability of information, data integrity and lack of cooperation |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction of service delivery complaints against the South African Police Service |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reports compiled on implementation of IPID recommendations by SAPS |
|---------------------------|---|
| Short definition | A consolidated report on monitoring of the progress made on implementation of IPID |
| | recommendations by SAPS |
| Purpose/importance | To improve police, conduct by monitoring implementation of IPID recommendations |
| Source/collection of data | Monitoring reports |
| Method of calculation | Simple Count |
| Data limitations | The inaccessibility and unavailability of information, data integrity and lack of cooperation |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction of complaints according to the IPID Act. No. 1 of 2011 |
| Indicator responsibility | Programme manager |

| Indicator title | Number of reports on the implementation of National Monitoring Tool recommendations |
|---------------------------|---|
| | compiled |
| Short definition | A consolidated report on monitoring of the progress made on implementation of NMT |
| | recommendations by SAPS |
| Purpose/importance | To monitor the implementation of NMT recommendations by SAPS |
| Source/collection of data | National Monitoring Tool Report |
| Method of calculation | Simple count |
| Data limitations | The unavailability of information, lack of cooperation, delays in submission of information |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Improve service delivery |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of police stations monitored and reports compiled |
|---------------------------|---|
| Short definition | Number of police stations visited for monitoring purposes and compile reports |
| Purpose/importance | To improve effectiveness of South African Police Service |
| Source/collection of data | Station visits schedule and Station visits reports |
| Method of calculation | Simple count |
| Data limitations | The inaccessibility and unavailability of information, data integrity and lack of cooperation |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Higher level of compliance is an indication of improved police performance at police station |
| | level |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of Domestic Violence Act (DVA) Compliance Reports compiled |
|---------------------------|---|
| Short definition | Consolidated reports on DVA compliance with reference to audits conducted, non - |
| | compliance complaints received and recommendations implemented |
| Purpose/importance | To improve South African Police Service (SAPS) service delivery to victims of Domestic |
| | Violence (DV) as obligated by the DVA |
| Source/collection of data | National DVA tool and DVA Compliance reports |
| Method of calculation | Simple count |
| Data limitations | The inaccessibility and unavailability of information, data integrity and lack of cooperation |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Improvement of South African Police Service compliance with DVA |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of reports on Monitoring and Evaluation Special Projects compiled |
|---------------------------|---|
| Short definition | Research is identified by the Minister of Police. Provincial departments are requested to |
| | collect data pertaining to research and submit data to National Secretariat of Police |
| Purpose/importance | To ensure that Special Projects are implemented |
| Source/collection of data | Report |
| Method of calculation | Simple Count |
| Data limitations | No specific limitations |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Improved service |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: SAFETY PROMOTION

| Indicator title | Number of crime prevention programmes implemented |
|---------------------------|--|
| Short definition | Programmes aimed at building/enhancing communities that are responsive to safety |
| | concerns and crime. |
| Purpose/importance | To promote community participation in crime prevention |
| Source/collection of data | Project reports |
| Method of calculation | Simple count |
| Data limitations | Limited state and non-state participation |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction in crime |
| Indicator responsibility | Programme manager |

SUB-PROGRAMME: COMMUNITY POLICE RELATIONS

| Indicator title | Number of functional CPFs assessed |
|---------------------------|--|
| Short definition | To assess the functionality of CPFs in line with Policy Directive |
| Purpose/importance | To improve community police relations and ensure transparency and accountability |
| Source/collection of data | CPF Monitoring tool, and reports |
| Method of calculation | Simple count |
| Data limitations | Lack/poor participation of stakeholders |
| | Non availability of reliable information /records |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Improved community police relations |
| Indicator responsibility | Programme manager |

| Indicator title | Number of functional CSFs assessed |
|---------------------------|---|
| Short definition | To assess functionality of CSFs in line with Policy Directive |
| Purpose/importance | To improve intergovernmental relations and organized community participation and coordination of criminal justice system programmes to enhance community safety within municipalities |
| Source/collection of data | CSF Monitoring tool and reports |
| Method of calculation | Simple count |
| Data limitations | Poor stakeholder participation and limited information |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction of crime at local level |
| Indicator responsibility | Programme manager |

PROGRAMME 3: TRANSPORT OPERATIONS

| Strategic Objective Indicator | Planning authorities assisted with ITP's |
|-------------------------------|--|
| title | |
| Short definition | Expand services of public transport to the community in all Districts of the Province. |
| Purpose/importance | Provide convenient, accessible, economic and safe transport to the community in the |
| | province so as to make economic, social and educational opportunities reachable |
| Source/collection of data | Integrated Transport Plan(s) |
| Method of calculation | Simple count |
| Data limitations | Discrepancy with regard to location of a service in the District |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Expansion of subsidised transport services to all municipalities |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: PUBLIC TRANSPORT SERVICES

| Indicator title | Number of routes subsidised |
|---------------------------|--|
| Short definition | Approved subsidised routes serviced as per the contract in line with PTOG |
| Purnoso/importance | To measure the coverage of the subsidised contract service in line with the operating |
| Purpose/importance | schedule of the respective service providers |
| Source/collection of data | Contracts and payments certificates |
| Method of calculation | Number of routes contracted and operated per quarter by the respective service providers |
| Data limitations | Inaccurate data received from service providers |
| Type of indicator | Output |
| Calculation type | Non-cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Performance as per contract |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of kilometres subsidised |
|---------------------------|---|
| Short definition | Number of kilometres operated by contracted service providers in line with PTOG |
| Purpose/importance | To maximise access to transport services |
| Source/collection of data | Contracts and payments certificates |
| Method of calculation | The total number of kilometres operated per quarter by the respective service providers |
| Data limitations | Inaccurate data received from service providers |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Performance as per contract |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of trips subsidised |
|---------------------------|---|
| Short definition | Number of subsidised trips operated by contracted service providers in line with PTOG |
| Purpose/importance | To maximise access to transport services in line with the allocated budget |
| Source/collection of data | Contracts and payments certificates |
| Method of calculation | Total number of trips operated per quarter |
| Data limitations | Inaccurate data received from service providers |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Expansion/contraction as per budget. |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of learners subsidized with transport |
|---------------------------|---|
| Short definition | Number of learners subsidized with transport throughout the Province |
| Purpose/importance | Ensure compliance with the National Schools Act and to maximise access to schools |
| Source/collection of data | NCDE35 forms obtained from schools confirming the number of learners per route |
| Method of calculation | Number of learners transported per quarter |
| Data limitations | Inaccuracy of the NCDE35 forms |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Improvement in school attendance throughout the Province |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: TRANSPORT SYSTEMS

| Indicator title | Number of comprehensive transport plans submitted |
|---------------------------|--|
| Short definition | Number of public transport plans, quality assured and submitted |
| Purpose/importance | To ensure that all facets of transport is dealt with at all levels of Government |
| Source/collection of data | Submitted Integrated Transport Plan(s) |
| Method of calculation | Simple count |
| Data limitations | Discrepancies and inaccuracy on plans of Municipalities |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Bi-Annually |
| New indicator | No |
| Desired performance | Improve access to economic and social opportunities |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: INFRASTRUCTURE OPERATIONS

| Indicator title | Number of Reports on the Two Key Infrastructure Projects coordinated |
|---------------------------|--|
| Short definition | Reporting on the progress of the coordination of the two infrastructure projects namely De |
| | Aar Warehouse and Port of Port Nolloth |
| Purpose/importance | To unlock economic development in certain areas of the Province |
| Source/collection of data | Report on the Key Infrastructure Projects |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Effectively communicate the development of the 2 Key Infrastructure of Projects |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of reports on the promotion of non-motorised transport submitted |
|---------------------------|--|
| Short definition | Number of reports on the promotion of non-motorised transport submitted |
| Purpose/importance | Non-Motorised Transport is an important mode of transport in the Rural Areas |
| Source/collection of data | Reports on the promotion of non-motorised transport in the Province |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Effectively promote the use of NMT transport in the Province |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: TRANSPORT SAFETY AND COMPLIANCE

| Indicator title | Number of reports on public transport roadworthiness inspections conducted |
|---------------------------|--|
| Short definition | Rolling out of a programme of roadworthiness inspections in the Province |
| Purpose/importance | Ensure safety of public transport commuters |
| Source/collection of data | Reports on Public Transport Roadworthiness Inspection conducted |
| Method of calculation | Simple count |
| Data limitations | Inaccurate generation of information due to equipment not serviced |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | Yes |
| Desired performance | Safe and reliable public transport |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: OPERATOR LICENSE AND PERMITS

| Indicator title | Number of Provincial Regulatory Entity (PRE) hearings conducted |
|---------------------------|---|
| Short definition | Number of PRE sittings scheduled and concluded. |
| Purpose/importance | Successfully adjudicate on applications for operating licenses |
| Source/collection of data | Minutes of meetings |
| Method of calculation | Simple count |
| Data limitations | None |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | To ensure that the meetings are executed as scheduled annually |
| Indicator responsibility | Programme Manager |

PROGRAMME 4: TRANSPORT REGULATIONS

| Strategic Objective Indicator | Reduction in the number of road fatalities |
|-------------------------------|--|
| title | |
| Short definition | To promote a safe road environment by practicing a coordinated and |
| | integrated enforcement and licensing programme |
| Purpose/importance | To enforce safety measures to the road users to create a safe road environment |
| Source/collection of data | Accident report and TRAFMAN System Report |
| Method of calculation | Simple count |
| Data limitations | Incorrect records |
| Type of indicator | Output |
| Calculation type | Non-Cumulative |
| Reporting cycle | Annually |
| New indicator | No |
| Desired performance | Reduction in road fatalities |
| Indicator responsibility | Programme manager |

SUB-PROGRAMME: LAW ENFORCEMENT

| Indicator title | Number of Speed operations conducted |
|---------------------------|---|
| Short definition | Speed operations conducted to monitor compliance with speed regulations at identified |
| | locations |
| Purpose/importance | Enforce speed compliance to reduce road crashes. |
| Source/collection of data | Register of speed operations |
| Method of calculation | Simple count |
| Data limitations | Timeous submission of reports |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction in road fatalities |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of vehicles weighed |
|---------------------------|--|
| Short definition | Ascertaining vehicle mass through the use of registered / accredited weighing facilities |
| | situated along public roads (scale) |
| Purpose/importance | To reduce the overloading and protect the road surface |
| Source/collection of data | Report from overloading control systems |
| Method of calculation | Simple Count |
| Data limitations | Electronic data lost / system errors/reliability of manual report |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | 100% compliance |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of drunken driving operations conducted |
|---------------------------|---|
| Short definition | Drunken driving operations refer to operations conducted on public roads to detect impaired |
| | drivers as a result of alcohol consumption |
| Purpose/importance | To detect and remove impaired drivers from public roads |
| Source/collection of data | Register of drunken driving operations conducted |
| Method of calculation | The total combined number of alcohol and substance with narcotic effect operations |
| | planned and implemented in the province. |
| Data limitations | Timeous submission and accuracy of data |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction in road fatalities |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of vehicles stopped and checked |
|---------------------------|--|
| Short definition | Vehicles stopped and checked for compliance with traffic regulations in all road traffic law |
| | enforcement activities. |
| Purpose/importance | To ensure compliance with traffic regulations and other applicable legislations in promotion |
| | of road safety |
| Source/collection of data | Register of vehicles stopped and checked |
| Method of calculation | Simple count of vehicles stopped and checked. |
| Data limitations | Timeous submission and accuracy of data. |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | 100% compliance |
| Indicator responsibility | Programme Manager |

SUB-PROGRAMME: ROAD SAFETY EDUCATION

| Indicator title | Number of road safety awareness programmes conducted |
|---------------------------|---|
| Short definition | The programmes entail various awareness interventions aimed at improving road safety. |
| Purpose/importance | To highlight the number of awareness interventions that convey a variety of road safety |
| | messages to different target audiences |
| Source/collection of data | Reports |
| Method of calculation | Simple Count |
| Data limitations | Non-accurate reporting |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction in road fatalities |
| Indicator responsibility | Programme Manager |

| Indicator title | Number of schools involved in road safety education programmes |
|-----------------|--|
|-----------------|--|

PO Box 1368
Kimberley 8300
Tel: 053 839 1700
Fax: 053 839 1773
e-mail: reneewilliams@ncpg.gov.za

Printed by Pro Print, Kimberley

| Short definition | The programme refers to schools participating in road safety interventions for the purpose |
|---------------------------|--|
| | of learning and improved awareness of road safety issues by learners. |
| Purpose/importance | To educate learners in Road Safety |
| Source/collection of data | Programme and Report |
| Method of calculation | Simple Count |
| Data limitations | Non accurate reporting |
| Type of indicator | Input |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction in road fatalities |
| Indicator responsibility | Programme Manager: Road Safety Management |

SUB-PROGRAMME: TRANSPORT ADMINISTRATION AND LICENCING

| Indicator title | Number of compliance inspections conducted |
|---------------------------|---|
| Short definition | Inspections executed at Driving Licence Testing Centres, Vehicle Testing Stations and |
| | Registering Authorities to ascertain compliance with the Road Traffic Act |
| Purpose/importance | Determine that all activities performed are compliant with the Road Traffic Act |
| Source/collection of data | Plans and Compliance Reports |
| Method of calculation | Simple count |
| Data limitations | No |
| Type of indicator | Output |
| Calculation type | Cumulative |
| Reporting cycle | Quarterly |
| New indicator | No |
| Desired performance | Reduction in road fatalities |
| Indicator responsibility | Programme Manager |
