Foreword by the MEC for Health

The Government has set the Department of Health, both nationally and provincially, major goals to achieve over the coming years. These goals include, among others, to provide strategic leadership and improve management; to accelerate the revitalisation of all health care infrastructure; to improve the quality of health services in preparation for the National Health Insurance (NHI), to accelerate the management of HIV/AIDS, STIs, TB and other communicable diseases; and to promote mass mobilisation for better health for all.

It is against this backdrop that the Northern Cape Department of Health is reviewing and updating all existing Policies and Procedures and, where needed, introducing new ones. These policies will ensure that staff knows what is expected from them as individuals and as employees of the Department, as well as informing the public and its representatives of what they can expect from the Department.

We will ensure that the recruitment processes are adhered to in line with the relevant legislations.

I commend this policy to you.

Mr Mxolisi Sokatsha

MEC for Health
